These general conditions define the way of obtaining the benefits to which the Beneficiary of a **DOCTOR CARD** plan will be able to request in emergency cases while abroad during the period of validity of the plan.

Acceptance of the Beneficiary

These Terms together with the other documents that are made available to the Beneficiary at the time of purchase of the plan, form the contract of travel assistance provided **DOCTOR CARD**. The Beneficiaries acknowledges they have read, chosen and accepted the terms and conditions contained herein, and as such, the ruling of the Particular Terms & Conditions as a binding contract between the parties.

It is clearly understood and accepted by the Beneficiary that **DOCTOR CARD** plans are not, under any reason, an insurance or related product, nor is a program of social security or prepaid medicine, medical service at home or unlimited medical service program. Therefore, they don't have as main objective the complete cure or definitive treatment of the Beneficiary's condition. The medical assistance services to be rendered by **DOCTOR CARD** are limited only to emergency treatment of acute cases and are only oriented to primary travel assistance for sudden and unpredictable events where a clear, verifiable and acute illness or condition or accident has been diagnosed and prevents the normal continuation of a trip, as long as the illness or condition listed in the exclusions. These plans are designed to ensure primary and normal recovery of the Beneficiary's physical conditions that allow a normal continuation of the trip. They are not designed for nor provide:

- Elective medical procedures.
- Routine medical checkups or screenings that have not been previously authorized by the Emergency Management Center.
- Start of long term treatments or procedures.

Any assistance or treatment will cease and not be the responsibility of **DOCTOR CARD** once the Beneficiary is back to their place of residence or the expiry of the period of validity of the chosen plan. The acquisition of one or more plans does not produce the accumulation of services and/or benefits contemplated in them. In these cases, only the limits established in the first contracted voucher may apply.

NOTE: It is clearly understood and accepted by the Beneficiary that this plan is a product of travel assistance and in the event that is offered through an insurance company, it doesn't make it an International Insurance.

Moreover, once initiated the validity of the voucher, the Beneficiary may not make changes extend the period of validity or proceed to the cancellation of the voucher for any reason or under any circumstances. Notwithstanding the foregoing, if the Beneficiary extends the trip unexpectedly, they may request the issuance of a new voucher. **DOCTOR CARD** reserves the right to accept or deny this renovation without explanations, under the following conditions:

- a. The Beneficiary will not have the right to a voucher renewal if they have used any of the services of **DOCTOR CARD** during the period of validity of the first voucher.
- b. The Beneficiary shall be able to renew the voucher as long as they contract same or greater coverage as the original voucher, plans with less coverage than the original one cannot be used for renewals.

The issuing agent is obliged to inform **DOCTOR CARD** that it is an issuance in destination country, and will request authorization for the new contracting period.
- d. The application for this new Plan should be submitted prior to the end of the previous Plan, with the new Plan becoming effective immediately after the end of the previous one.
- e. The Beneficiary must designate the person who will make the corresponding payment in the offices of the agent, and will receive the new voucher which will be created and delivered in the same act.

Any new plan issued under the foregoing circumstances can in no way be used to initiate or continue treatment or make use of the benefits and services contained herein that may of have been incurred by the Beneficiary under the previous Plan, independently of any dealings and treatments previously authorized by **DOCTOR CARD** or by third parties.

When the validity of the previous voucher has ended at the time of purchase or the passenger purchases at the destination, the voucher will be issued with a 15 (fifteen) days grace period for COVID-19 expenses and 3 (three) days for any other contemplated expenses within the coverage chart.
